

SUB-CELLULAR DYNAMICS IN CANCER

SYMPOSIUM

Learn about the latest findings and interact with exceptional cancer researchers through invited talks, abstract presentations, and posters. Topics include the hallmarks of cancer, focusing on organelle biology, subcellular dynamics, imaging technology, and synthetic biology.

Continental breakfast and lunch will be served.

Keynote Speakers:

Alissa Weaver, MD, PhD
Cornelius Vanderbilt Professor of Cell and Developmental Biology
Vanderbilt University School of Medicine

Alec C. Kimmelman, MD, PhD
Anita Steckler and Joseph Steckler Professor and Chair, Radiation Oncology
NYU Grossman School of Medicine
Laura and Isaac Perlmutter Cancer Center

Jin Zhang, PhD
Professor and Vice Chair,
Department of Pharmacology
University of California, San Diego

Takanari Inoue, PhD
Professor, Department of Cell Biology
Johns Hopkins University, School of Medicine

Friday, October 14, 2022

8:30 a.m. – 6:00 p.m.

Poster exhibition and Reception from 4:45 p.m. - 6 p.m.

**Vontz Center for Molecular Studies
Rieveschl Auditorium
3125 Eden Avenue, Cincinnati, OH**

*Complimentary parking available in Eden Garage,
3223 Eden Avenue, Cincinnati, OH 45219.*
