

## Discover Cancer Trends in Our Community

*Your Health. Your Data. Your Voice.*

### Did you know that cancer impacts our region in unique ways?

We've created an **interactive dashboard** that provides up-to-date cancer incidence and mortality data for the 10 main counties served by the University of Cincinnati Cancer Center. Click on your county to learn more!

This free resource is designed for patients, families, community leaders and health advocates to:

- ✔ Explore local cancer trends
- ✔ Understand disparities
- ✔ Support prevention and early detection efforts

### Why it matters:

Knowledge is power. By understanding cancer patterns in our community, we can work together to set priorities and improve health outcomes and save lives.

***Join us in building a healthier Cincinnati!***
