## Content List:

- Studies of the Month
- Contract Submission Target Enrollment Reminder
- Updated ResearchMatch Training Videos
- New Bearcats Landing Introduction Video
- Save the Date: 5th Annual UC Gardner Neuroscience Institute (UCGNI)/Neurobiology Research Center (NRC) Neuroscience Research Day
- Upcoming Events
- Resources For Our Research Community
- Updated Contact List

## Studies of the Month:

# Kidney Disease Research Studies

Participate in a Research Study at UC and UC Health

## Find the right study for you:

- Email us at [duncanhj@ucmail.uc.edu](mailto:duncanhj@ucmail.uc.edu)
- Call us at 513-559-3362
- Visit our website and search for studies at [www.uchealth.com/research](http://www.uchealth.com/research)
- Sign up for [researchmatch.org](http://researchmatch.org)
- Follow us on Facebook @UCHealthOCR

05-22

## Anxiety Study for Preteens and Teens 12 to 17 Years Old

- What** A study to evaluate which patients respond best to a medication treatment for anxiety
- Who** Preteens and teens 12 to 17 years old with generalized separation and/or social anxiety disorders may be eligible to participate. Common anxiety symptoms include uncontrollable worrying, restlessness, sleep difficulties, and frequent worries about loved ones.
- Pay** Participants will receive payment for time and travel for each completed study visit. Study visits, tests, procedures, and medication will be provided at no cost.
- Contact** Ashley Specht | 513-558-2868 | [huckabam@uc.edu](mailto:huckabam@uc.edu)  
Zoe Neptune | 513-558-2866 | [neptunza@ucmail.uc.edu](mailto:neptunza@ucmail.uc.edu)

## Contract Submission Target Enrollment Reminder:

When submitting a new study through the [Clinical Trial Contract Intake REDCap portal](#), remember to complete the Target Enrollment question with an estimated number of subjects you expect your department to enroll. This information will be entered into Quali once your budget is final. The Target Enrollment should not be entered as “competitive” or based on sponsor’s enrollment for the entire study. Please [contact Heather Roberson and Macy Michael](#) with any questions.

## Updated ResearchMatch Training Videos:

New to ResearchMatch or in need of a refresher? [Visit our Bearcats Landing ResearchMatch page](#) to watch newly updated video tutorials and learn how to make ResearchMatch work for you. These brief training videos cover the following subjects:

- Registering as a Researcher
- Overview of Researcher Dashboard
- Adding & Joining Studies
- Performing a Feasibility Search
- Performing a Recruitment Search
- Managing Volunteers
- Extending a Study Expiration Date

All videos are also available on your Researcher Dashboard which you can access by [logging in to ResearchMatch](#). Please [contact Miranda Gulasy](#) with any questions or concerns.

## New Bearcats Landing Introduction Video:

In collaboration with the Staff Success Center, the Bearcat IT team has created a new Bearcats Landing introduction video which appears on the [Bearcats Landing FAQ page](#). Feel free to use this video to help your colleagues understand how to navigate and use Bearcats Landing to find the information they need to do their jobs. If you have questions about Bearcats Landing, please visit the [Bearcats Landing FAQ page](#).

Save the Date:  
5th Annual UC Gardner Neuroscience Institute  
(UCGNI)/Neurobiology Research Center (NRC)  
Neuroscience Research Day:

Please mark your calendars for the 5th Annual University of Cincinnati Gardner Neuroscience Institute (UCGNI)/Neurobiology Research Center (NRC) Neuroscience Research Day which will be held within a virtual conference environment on April 12, 2022!

The UCGNI/NRC Neuroscience Research Day features platform presentations from all fields within the neurosciences across UC starting at 8:30AM. We will be hosting an invited keynote speaker at 12PM and the Day will be capped by an awards ceremony at 1PM during which we will announce 1st and 2nd prize peer reviewed winners for each level of training. Prize money will be awarded to the winners in each category!

Use this Zoom link to attend! Please feel free to contact Dr. Brandon Foreman with any questions.

Upcoming Events:

Lunch & Learn: 4/21/2022  
12:00 - 1:00 pm  
Virtual Meeting  
Kuali Overview and Tutorial for  
New Users

Clinical Research  
Managers Meeting: 4/22/2022  
9:30 - 10:30 am  
Virtual Meeting

Resources For Our Research  
Community:

UC OCR Bearcats Landing Site

Please check out the [UC Office of Clinical Research site](#) on Bearcats Landing! The goal of this site is to serve as a centralized resource for the entire clinical research community. Use our new site as a way to learn about UC OCR news and events, access tools and services, and much more!

Visit Bearcats Landing by entering [my.uc.edu](http://my.uc.edu) into your web browser (UC login required). If you have questions about Bearcats Landing, please visit the [Bearcats Landing FAQ page](#).

## Increase Awareness of Your Clinical Trials with HighEnroll

The High Enroll App is available to assist your recruitment efforts. Would you like to have more clinicians looking for potential subjects? Would you like to share information about your studies with colleagues inside and outside of UC? The High Enroll mobile app is available to solve recruitment problems such as these. This tool allows your entire recruiting portfolio of studies to always be updated and available on the phone of everyone who is involved in patient care. A trial summary, inclusion and exclusion criteria, other pertinent study information, and a “one-touch” contact button for the primary research coordinator is available for each study loaded onto the platform.

The app is available for any healthcare provider to download by scanning the QR code above or by searching High Enroll, LLC on the App Store or Google Play

Download the app today and earn Starbucks credits when you create your account!!!!

For more information on how to get your studies on the app, please reach out to Ginger Conway at 859-992-5339 or [gaconway@highenroll.org](mailto:gaconway@highenroll.org).

### Access and Authorizations: Updated Appendix A

Click here for an updated [Appendix A](#) for the Access and Authorizations process. [Appendix B](#) and [Appendix D](#) remain the same. The process continues to be the same, but all researchers, volunteer or paid, should use the newly updated Appendix A. Please reach out to [Research-Credential@uchealth.com](mailto:Research-Credential@uchealth.com) with any questions.

### GreenPhire ClinCard Training Video

Greenphire has developed a [ClinCard Training Video](#) for new users. The video link will be added to the REDCap request form as well as the OCR SharePoint site. We hope this video will be helpful when onboarding new users and serve as a valuable resource for current users. If you have any questions, please contact [UCH-Greenphire@uchealth.com](mailto:UCH-Greenphire@uchealth.com).

### CCTST Online Educational Library, CTRonline

[CTRonline](#) offers an array of clinical and translational research training modules and event recordings. All videos are free and open to any learner looking for a brief introduction to (or a refresher on) specific research topics.

### ResearchMatch Online Training Thursday, April 14, 2022 2:00-3:00 PM

ResearchMatch offers free, online training for anyone in the research community interested in learning how to use ResearchMatch as a recruitment tool. This training will teach you how to get started and will share tips for ensuring that your experience with ResearchMatch is successful, including defining your demographics and key terms.

Register here: [ResearchMatch Researcher Training](#).

## Join the Mailing List:

We have moved our mailing list to an electronic system. New staff or faculty that wish to join the mailing list can now click the button here or on the OCR website to join.

If you received this newsletter, you are already on the list. No need to re-join, but we encourage you to share with your colleagues, especially those new to UC Health and UC.

Sign up to receive communications from the UC Health Office of Clinical Research on the topics of new SOPs, education sessions, news, events and information geared towards the UC/UCH Research Professionals community.
